

## **NEW ORGANIC ANCIENT GRAINS BABY PASTA**

To answer today's question of unsatisfied parents needing to find an **Organic Baby Pasta** in our Market, Felicetti is launching 2 different products with a significant added value.

Both pasta are

- **Enriched with Thiamin** (Vitamin B1)
- Made with 2 **Ancient Wheats** known for their purity and highest digestibility, and produced in Italy.

Our **Corallini** Mini-Macaroni variety is processed with the **Senatore Cappelli** wheat which is dating from the early 20th century Italian Agrarian reform. This wheat stands out for its intense fragrance and flavour; it is considered as the king of Italian durum grains.

Our **Stelline** Mini-Stars shaped pasta are made with **Emmer Wheat**, also known as **Spelt**, which is an Ancient wheat dating from the Celts, Egyptians and Etruscans times.
