

FEEL THE POWER OF THE OCEAN

Nutrient dense and most bioavailable calcium

Not all coral calcium is created equal. We start with eco-friendly extracted marine coral, collected from above the Caribbean water line.

It contains 74 different minerals including calcium in an organic, protein-bound structure as a result of the coral's digestion process.

Naturally ionic upon contact with moisture, it is a readily assimilated and bio-available helping to resist disease by alkalinizing the body's pH.

Contains an additional 100 IU of Vitamin D3 per daily dose to help metabolize the calcium.

IMPROVE FLEXIBILITY AND BUILD BONE STRENGTH

Innovite Health muscular skeletal therapies includes support for: bone, joint, connective tissue, muscle and skin health.

Vitamin D3 Drops with Vitamin K2

- For those with Vitamin D deficiency
- Formulated with cholecalciferol, the most desirable form of Vitamin D3
- 2.5 mcg of Vitamin K2 per drop promotes the construction of healthy bones
- Vitamin K2 from MK-7
 - free from the synthetic anti-foaming chemical dimethylpolysiloxane
 - sourced from soy fermentation
 - More bioavailable and lasts longer in the blood than K2 from MK-4

Vitamin K (capsules, extra strength drops)

- For those with Vitamin K deficiency
- Free from the synthetic anti-foaming chemical dimethylpolysiloxane
- Sourced from soy fermentation
- More bioavailable and lasts longer in the blood than K2 from MK-4

Vitamin K2 Drops with Vitamin D3

- For those with Vitamin K deficiency
- Vitamin K2 from MK-7
 - free from the synthetic anti-foaming chemical dimethylpolysiloxane
 - sourced from soy fermentation
 - More bioavailable and lasts longer in the blood than K2 from MK-4
- Formulated with cholecalciferol, the most desirable form of Vitamin D3

Magnesium

- Formulated with magnesium gluconate, an organically-bound and highly absorbable form
- Convenient liquid format
- Great fruit punch flavour

Reference sources available upon request.
