

Also available in 500mg

LDL CHOLESTEROL REDUCED BY 37%

High absorption Omega-3s

Not all Omega-3s are absorbed equally. We start with scientifically validated NKO Krill Oil.

With higher EPA and DHA concentration, Krill Oil Omega-3s are in phospholipid form for 2.5X more absorption than fish oil. It also provides 7X more of the powerful antioxidant astaxanthin versus any other krill oil. Halal and sustainability certified.

Reduces cholesterol. Relieves inflammation, pain and stiffness associated with arthritis. Alleviates symptoms of PMS.

Easy-to-swallow softgel. No fishy aftertaste. Easily absorbable. Powerful Omega-3s.

Krill Oil 500mg and 1000mg

- **Superior Source of Omega-3s:** Higher EPA and DHA concentration vs fish oil.
- **2.5X More Omega-3s Absorption:**
 - Omega-3s attached to phospholipids improve absorption vs fish oil.
 - More therapeutic benefit in small dosage.
- **Clinically proven**
 - 37% reduction in LDL (bad cholesterol).
 - 44% increase in HDL (good cholesterol).
 - 13% reduction in total cholesterol.
- **Relieves arthritic symptoms:** inflammation, pain and stiffness.
- **Alleviates PMS symptoms.**
- **No fishy aftertaste.**
- **Easy-to-swallow softgel.**
- **Contains only NKO Neptune Technologies Krill Oil.**
 - 7x more astaxanthin: Highest antioxidant level vs other krill oils.
 - Halal certified: Alcohol free extraction process.
 - Less than 0.001% solvent residue: compared to 3% in other krill oils.
 - Friend of the Sea certification: Awarded for sustainable krill harvesting standards.

Formula H.H.

- **High potency multi-vitamin/mineral formula:** 30+ synergistic ingredients.
- **Assist red blood cells:** Aids in normal growth, development and the formation.
- **Provides athletic support and maintenance of muscle function:** Source of amino acids involved in muscle protein synthesis.

Magnesium Citrate and Magnesium Glycinate

- **Most soluble forms:** Avoids excessive water and digestive upset.
- **Most absorbable:** Increases body utilization.
- **Clinically proven:** reduces incidence of high blood pressure.
- **Critical to cardiovascular health:** Normalizes heart's electrical activity.
- **Critical to overall health:** Involved in energy production and metabolism.

Citrate Usage:

- General cardiovascular maintenance.

Glycinate Usage:

- The maintenance of proper muscle function and tissue formation.
- Assists the body to metabolize carbohydrates, fats and proteins.
- Less potential for bowel disruption.
- Includes Potassium: Helps trigger heart pumping.

Red Yeast Rice

- **Excellent statin alternative:** Less side-effects than synthetic statins due to the lower required doses.
- **Includes other natural cholesterol reducing ingredients:**
 - Phytosterols: Inhibits cholesterol absorption from the gut.
 - Soy-free Lecithin: Natural source of statins.
 - Choline: Balances LDL cholesterol.
- **Includes other cardiovascular support products:**
 - CoQ10 (ubiquinol): Improves cellular energy, especially in the heart
 - Vitamin D: Improves cholesterol levels.
- **Citrinin-free:** Avoids kidney damaging toxin linked to some red yeast rice.
- **Additional antioxidants:** Includes Vitamin C, which offers protection against free radical damage of LDL cholesterol.
