

WHAT'S INSIDE COUNTS

DDS®-1 Superstrain

Not all probiotics are created equal. We start with the exceptionally resilient, scientifically validated DDS®-1 Superstrain. Over 35 years of clinical research. Proven to inhibit pathogen activity. Human-sourced, so naturally strong to protect and flourish. No need for additional pill coatings. The ultimate super strain of probiotics. Exclusive life-stage formulas include additional active strains for full spectrum support. Formulas are vegan, non-GMO, Gluten/Dairy/Soy-free. No refrigeration required.

PRODUCT OVERVIEW

Probiotic	Specific Use	Concentration CFU (COLONY FORMING UNITS) AT EXPIRATION DATE	Strains
Kids Daily Probiotics (formerly Junior Daily) NPN 80048167	General digestive maintenance for infants, toddlers and children. Helps reduce atopic dermatitis. Convenient powder format for easy mixing into formula, drinks and soft foods.	5 Billion	Lactobacillus acidophilus DDS®-1 <i>Bifidobacterium lactis</i> UABLA-12
Adult Daily Probiotics NPN 80048138	General digestive maintenance for adults from 18-50. Provides the excellent balancing of lactobacillus and bifidobacterium required for adulthood.	15 Billion	Lactobacillus acidophilus DDS®-1 <i>Bifidobacterium bifidum</i> UABB-10 <i>Bifidobacterium lactis</i> UABLA-12 <i>Bifidobacterium longum</i> UABL-14
Adult Daily 50+ Probiotics (formerly Senior Daily) NPN 80048143	General digestive maintenance for adults 50+ years old. Also to help relieve symptoms of IBS. Helps to reinforce against the naturally occurring drop of bifidobacterium.	25 Billion	Lactobacillus acidophilus DDS®-1 <i>Bifidobacterium bifidum</i> UABB-10 <i>Bifidobacterium lactis</i> UABLA-12 <i>Bifidobacterium longum</i> UABL-14 <i>Bifidobacterium lactis</i> HN019
Sensitive GI Probiotics NPN 80048130	Populates both small and large intestine at lower concentrations. Foundational support for the tender tummies.	5 Billion	Lactobacillus acidophilus DDS®-1 <i>Bifidobacterium longum</i> UABL-14
Ultra Strength Probiotics (formerly Urgent Care) NPN 80048162	Heavy replenishment of both small and large intestine at high concentrations and multiple strains. Replenishes the loss of good bacteria due to illness, stress, travel or medical use.	50 Billion	Lactobacillus acidophilus DDS®-1 <i>Lactobacillus plantarum</i> UALP-05 <i>Lactobacillus salivarius</i> UALS-07 <i>Bifidobacterium bifidum</i> UABB-10 <i>Bifidobacterium lactis</i> UABLA-12 <i>Bifidobacterium longum</i> UABL-14 <i>Bifidobacterium lactis</i> HN019

STRAIN BREAKDOWN

GENUS	SPECIES	STRAIN	BENEFIT
Lactobacillus	acidophilus	DDS®-1	the SUPER strain Human sourced: survives stomach acid and bile salt; adheres to and survives intestinal transit. Inhibits pathogen activity (eg. E. coli, S. aureus, Salmonella spp., etc.) by producing antibacterial compound “acidophilin”. Also produces enzymes, B vitamins, lactic acid and other antimicrobial agents. Most clinically studied with 35+ yrs of research, 80+ scientific papers published, and several gold-standard randomized, double-blind, placebo-controlled clinical trials, either alone or in combination with other probiotic strains.
Lactobacillus	plantarum	UALP-05	the PLANT strain Plant sourced: survives stomach acid and bile salt; adheres to and survives intestinal transit. Enhances digestion and nutrient uptake. Stimulates antimicrobial activity.
Lactobacillus	salivarius	UALS-07	the BLANKET strain Provides solid antimicrobial protection with wide spectrum coverage against pathogens.
Bifidobacterium	bifidum	UABB-10	the FOUNDATIONAL strain Human sourced: survives stomach acid and bile salt; adheres to and survives intestinal transit. Digests food and detoxifies toxins.
Bifidobacterium	animalis subsp. Lactis	UABLA-12	the DERMATITIS strain Many immunological properties. Clinically proven to improve atopic dermatitis in children.
Bifidobacterium	longum subsp. Longum	UABL-14	the NORMALIZER strain Creates 19 different amino acids. Boosts immunity. Detoxifies and helps reduce stress.
Bifidobacterium	animalis subsp. Lactis	HN019	the IMMUNITY strain Clinically proven immune enhancer (increases killing capacity of blood immune cells). Reduces bowel movement time. Reduces bloating and constipation.
