# OUR COLLECTIONS

Drizzle honey is an everyday luxury you can feel great about. We're completely raw, bee-friendly, and support Canadian beekeepers too! The **Everyday Luxury Collection** includes the foundation products of Drizzle that celebrate natural differences in colour and flavour of our Canadian honeys. The **Superfood Honey Collection** and the **Craft Honey Collection** include organic, health conscious ingredients whipped into our coveted raw honey.

## White Raw Honey

375 g | 80 g

Drizzle White is a floral, delicate, raw honey, buttery in texture and perfectly paired with the fresh, light flavours of fruit, lattes, and warm bread.

*Stir into hot water then shake over ice to add the perfect sweetness to your favourite cocktail recipe.*

## Golden Raw Honey

375 g

Drizzle Golden is a rich, bold, raw honey, perfectly paired with daring flavours like hot sauce, aged cheese or a cup of strong coffee.

*Gently warm with salted butter for a delicious drizzle over fresh biscuits, cornbread and popcorn.*

## Honeycomb

200 g

Drizzle Honeycomb is a rare and sweet indulgence. The light wax combs are 100% edible, and filled to bursting with fresh, delicious honey that you can eat with a spoon. Honeycomb is the rawest form of Drizzle Honey, and is a luxurious topping or pairing for cheese, fruit, meat and breads. An essential for any charcuterie board!

In my work as an environmental scientist leading beekeeping projects for both culinary and agricultural research, I came to appreciate the need to empower sustainability in Canadian beekeeping. I also wanted to celebrate the complex and precious gift that honey bees create in its raw, natural form.

We want to change the way the world uses honey by making innovative, health-conscious products that contribute to bee-friendly initiatives and social prosperity.

So go ahead - dig in!

Drizzle honey is an everyday luxury you can feel great about!
