

## OUR HISTORY & ORGANIC TRADITION

Founded in 1953, Filsinger's has been committed to organic farming since its inception. Located in Ayton, Ontario, we were one of the first 6 organic farms in all of Canada, and we continue that tradition today.

Our founder, Alvin Filsinger was awarded the Lifetime Organic Hero Award by the Canadian Organic Growers for his lifelong dedication and work in the organic industry.

## ORGANIC FARMING BEST PRACTICES

We continue to grow apples without the use of chemical herbicides or pesticides, and some of the trees planted in 1953 are still in production on our farm!

We also do all of our processing on the farm, using apples that we grow in our orchards. This ensures only the highest quality fruit is used in our products. We are committed to reducing our carbon footprint through our farming practices, especially by eliminating the need to transport apples to a processing facility.

## OUR ORGANIC APPLE PRODUCTS

At Filsinger's Organic Foods, we are dedicated to making high quality, certified organic apple products, consisting of sweet cider, cider vinegar, apple butters and of course, apple sauce! We use organic apples from our family farm orchards. All of our products are made the old-fashioned way, with minimal processing. Our family here at Filsinger's Organic Foods is proud to be a uniquely Canadian Organic company and we encourage you to try our exciting products!
