The Whole Story

The Wild Onion Nutburger was created from the basic desire to nourish our families and friends with the most wholesome ingredients and mouth-watering gourmet fare. Our unique blend of nuts, veggies and spices combine to make an unparalleled vegetarian patty enjoyed by vegetarians and meat-lovers alike.

This is not your average vegetarian patty, this is not your average burger. Kids love them, meat lovers don't miss the meat and there is a no more scrumptious vegetarian patty on the market...so say our distinguished tasters!

Wild Onion Nutburgers are extremely delicious when prepared as a traditional burger, but the distinct flavour profile also allows our patties to be used as a healthy protein in a number of delicious and interesting ways. In pasta sauce, as a side with eggs, a topping for salads or pizza are just a few ideas.

Wild Onion Nutburgers are offered in three varieties, Original, Rosemary Rye (wheat free) & Gluten Free (made with rice). Wild Onion Nutburgers are produced in a certified, commercial kitchen, in Rossland, BC. They contain mostly organic ingredients, sourced locally whenever possible and are made with special consideration paid to the impact production has on the earth and society. They have been available in many West Kootenay grocery stores and natural food sections since June of 2012. Sales and market area have seen steady growth since inception.
