

**Nature-Inspired Facial Care & Haircare Solutions**  
*for you.*

Earth Science Canada

# Celebrating Three Generations of Beautiful Skin

*Earth Science Naturals (ESN Group, Inc.) based in Santa Barbara, California, has been making clean beauty and personal care products for almost 40 years. What started out as a plight for earth-based skincare, has evolved into the tradition of quality and efficacy that Earth Science continues to deliver today. Providing paraben-free, cruelty-free skin- and hair care solutions with ingredients like plant-based nutrients and antioxidants, soothing botanicals, hydrating moisturizers, and pure essential oils. Celebrate with us, the commitment to naturalness, our concern for the health of consumers, and the dedication to our planet's social and environmental responsibility.*

- ***Earth Science Naturals** began in Southern California in the early 80's with a leading cosmetic chemist on an ethical mission to use plant-based alternatives over conventional ingredients. An innovative idea that evolved into one of the first natural products producers.*
- *Founded on effective, healthy, paraben-free skincare formulations created from earth's natural botanicals, **Earth Science** evolved, later adding haircare solutions with the same high standards.*
- *This mission, to deliver sustainable, nature-inspired, cruelty-free products without compromising quality, was the foundation for the successful and well-trusted brand it is today.*
- ***Earth Science**, still privately owned and operated, continues the tradition of quality, natural beauty and personal care, value priced, **for you**.*

# Celebrating Three Generations of **Beautiful Skin** (continued)

- *Earth Science's very first product, our favorite, Apricot Facial Scrub, remains one of the top 3 best sellers in the ESSENTIALS beauty range.*
- *The original Beta Ginseng® anti-aging line, now our RENEWAL beauty range, developed with rich hyaluronic acid and our exclusive antioxidant complex to deeply hydrate and protect skin.*
- *Pioneering fragrance-free beauty, our non-scented facial options have always met consumer trends for sensitive noses and skin. Even today, we offer ten fragrance-free facial care formulas and counting.*

***Cruelty Free, Paraben Free, Vegetarian, Non-GMO***

# NATURE-INSPIRED DEODORANTS

## *with Lichen Extract & Tea Tree Oil*

Our gentle Liken Plant and Mint Rosemary Deodorants contain natural Lichen Extract, while our Tea Tree Lavender variety is formulated with Tea Tree Oil, both effective in long-lasting odor protection.

- **Lichen extract:** A remarkably effective, natural anti-bacterial and odor fighter
- **Arnica:** Anti-inflammatory
- **Calendula:** Natural anti-inflammatory with antiseptic properties for long-lasting dryness
- **Chamomile:** Rich in B Vitamins and a soothing and moisturizing antimicrobial
- **Coriander:** Rich in antioxidants, helps absorb excess oil and naturally disinfects

Liken Plant (Herbal Scent)	0 54986 00251 0
