

# Little Tucker

---

We focus on fueling your body with **real ingredients** that you can **recognize and pronounce**. Our products are all **plant powered**, meaning they're filled with high quality, nutritious and entirely vegan ingredients. Everything we make is **gluten free, dairy free and refined sugar free**, and filled with **exotic superfoods** so you get a wholesome snack for your **body AND mind**.

I moved to Canada from Australia and brought my love of healthy, plant based living with me. After noticing the limited availability of snacks that **properly fuel you** with real nutrients, I began crafting little bites of goodness made from simple, wholesome ingredients. In Australia, 'tucker' means food harvested from the land, and I'm proud to use that as inspiration for every Little Tucker bite.

-LAURA, Founder
