

IMPRESS

OUR GAZPACHOS !

RAW ♦ ORGANIC ♦ COLD PRESSED

BIOLOGIQUE

Organic produce is grown without the use of pesticides, synthetic fertiliser, sewage sludge or genetically modified organisms.

GOÛT

Impressive, yes. But most of all, it's pretty darn good. A bold tomato soup served cold. Prepared with raw organic fruits and vegetables, it contains all the nutrients of raw vegetables, in addition to being low in sodium and a source of fiber.

PORTIONS

Getting all your portions of vegetables?
A bottle of ready-to-drink gazpacho contains more than 2.5 servings of fruits and vegetables.

RAW

This all happens below 4°C, so our products remain entirely raw.

HPP

High pressure processing is a technique that blasts our juices with pressure that's six times stronger than the pressure found at the deepest point in ocean. This pasteurization keeps bacteria out while leaving nutrients intact. It lets us lock in as much fresh taste and goodness from our fruits and veggies as possible.

COMPOST

Our residues are used to make organic compost for our local farms.

STRAWBERRY / BASIL GAZPACHO

NUTRITIVE FACTS (354 ml)

calories	120	dietary fibres	4 g
total fat	4 g	sugars	11 g
saturated fat	0,5 g	protein	2 g
