Artisan Craft Perfumery

- Sarabecca Natural Perfumes were created by Kenneth Grand in his workshop in Santa Barbara, California.
- Sarabecca is named for Ken's two daughters, Sara and Rebecca.
- The unique, 100% natural, ISO certified fragrance blends are made from plant based essential oils, absolutes and essences without any synthetics, animal ingredients or testing.
- Sarabecca perfumes & hand creams do not contain:
Synthetic ingredients, Paraben Preservatives, Phthalates, Formaldehyde, or Petrochemical Solvents
- The products are:
 - Gluten-Free
 - Non-GMO
 - Vegan
 - Cruelty-Free

Natural Fragrances

- The International Fragrance Association (IFRA) defines natural fragrance as specified by the ISO 9235 definition.
- ISO 9235 specifies that natural raw aromatic materials must be physically obtained from plants by using distillation, expression and/or extraction.
- Natural fragrances are complex compositions of natural aromatic raw materials defined as essential oils, fractions of essential oils, isolates, exudates such as resins, distillates, extracts and volatile concentrates.
- Note: Synthetically reconstituted essential oils, synthetic nature identical and chemically modified natural essential oils cannot be used in fragrance compounds certified as natural.

Sarabecca Perfumes

- Amber Blossom – Complex, sophisticated blend with notes of Bergamot, Jasmine, Lavender and Patchouli
- Floral Citrus – Bright citrus notes of Orange, Lemon, with floral Geranium and sensual Ylang Ylang
- New Rose – Contemporary Rose with Geranium and the soft green notes of Basil
- Neroli – Classic bitter orange blossom with a hint of Geranium
- Vanilla Spice – Warm vanilla notes with Clary Sage and spicy, woody Patchouli
